THE PARKLANDS OF FLOYDS FORK is a donor-supported, world-class addition to Louisville's parks system. Four major parks are linked by a park drive, a first-rate urban trail system, and a remarkable water trail, all tracing Floyds Fork, a classic Kentucky stream. The Parklands encompasses nearly 4,000 acres of parklands stretching from Shelbyville Rd. in the north, to Bardstown Rd. in the south.

A LOUISVILLE LEGACY In the early 1890s, Frederick Law Olmsted came to Kentucky to design one of his masterpieces: the Louisville parks system. As the city grew around these parks in the early twentieth century, they perfectly encapsulated Olmsted's vision of "bringing nature into neighborhoods". 21st Century Parks is a private nonprofit corporation created to bring fresh vision to the development and preservation of new public parklands. Their current project, The Parklands of Floyds Fork is one of the nation's largest new metropolitan parks projects. 21st Century Parks will orchestrate the long-term maintenance funding to ensure that those parks remain safe, clean, accessible public assets that are well-used and well-loved by present and future generations.

All four of our parks are now open, so come find what you love about The Parklands!
Beckley Creek Park  Pope Lick Park  The Strand  Turkey Run Park  Broad Run Park

HIKE, WALK AND RUN on 46+ miles of trails, including 19 miles (one way) of the paved Louisville Loop.
