Part X, Line 2:

Accounting standards prescribe how an entity should measure, recognize,					
present and disclose in its financial statements uncertain tax positions					
that an entity has taken or expects to take on a tax return. The					
Organization recognizes a tax provision related to uncertain tax positions					
only if it is more likely than not that the tax position would not be					
sustained on examination by the taxing authorities, based on the technical					
merits of the position. For the years ended December 31, 2018 and 2017,					
we determined we did not have any uncertain tax positions and we did not					
incur or accrue any associated interest or penalties related to those					
positions.
