

2021 Outdoor Adventure Summer Camp

Parent Information and Details

GENERAL CAMP INFORMATION

Directions to Camp

Camp is held each day at The PNC Achievement Center for Education and Interpretation located in the Creekside Center in Beckley Creek Park. Our address is 1411 Beckley Creek Parkway, Louisville, KY 40245. **Be advised that some GPS units do not recognize our address. Written directions are as follows:**

Take I-64 East to I-265 (Gene Snyder Freeway) North; take the Middletown exit and turn right onto Shelbyville Road. It is approximately 0.8 miles to Beckley Station Road – turn right at the stop light onto South Beckley Station Road. Follow 1.7 miles to the Beckley Creek Park entrance on left (before intersection of Beckley Station and Wibble Hill Road). Once inside the park you will see our building to your right.

For a link to Google Maps directions please [click here](#).

How do I register?

Registering is quick and easy with our online registration process. Simply go to www.theparklands.org/Camps to sign up! If you wish to sign up in person or by phone, you can register by calling 502-815-0274 and speaking with one of our Interpretive Rangers, or by coming in to the Welcome Center in the PNC Achievement Center for Education & Interpretation, 1411 Beckley Creek Parkway, Louisville, KY 40245.

When is my payment due?

Full payment for camp programs is due at the time of registration or on the first day of camp. You may pay via check or credit card only. No cash payments will be accepted for camp programs.

Do you offer any discounts?

YES! Parklands members will receive a \$25 discount per week of camp. The Parklands of Floyds Fork is a donor-supported public park and membership is a great way to support the parks you love!

Will I receive confirmation of enrollment when I sign up for camp?

Yes! If you are registering online, confirmations are automatically generated and sent to the e-mail address you entered at the time of registration. If you call to make a reservation, please be sure to provide us with your e-mail address so that they may send you a confirmation.

What if my child would like to be placed with his/her friend?

Each camp group (K-3rd, 4th -6th) will be its own group. Campers in different age groups cannot be placed together for safety reasons.

What can my child expect at camp?

Parklands Summer Campers can expect to spend a good deal of time outdoors hiking trails, wading in the stream, and participating in many more activities including but not limited to canoeing, archery, arts and crafts, science experiments, and animal presentations. Floyds Fork is our park namesake and a big part of our camp activities. Campers can expect to get wet and muddy during camp from wading and/or canoeing. *A change of clothes and shoes is highly recommended for comfort.*

Can my camper attend a camp in an older or younger age group, even if he/she is not entering those grades?

For the safety of our campers and in the interest of age level appropriateness, age categories must be observed to ensure the best possible experience for all campers. We have found that children enjoy themselves more and have a better experience if they are with kids their own age. If campers must enter a camp outside of their grade level, we encourage Parents/Guardians to choose a camp below their grade level. Campers will not be admitted into a camp above their grade level unless they are entering the minimum grade of that camp in the coming school year.

WHAT TO BRING TO CAMP

What should my camper bring each day?

Campers should wear appropriate attire for outdoor activity and that can get wet and muddy (please no flip-flops or wheelies). Most days campers will be participating in creek and outdoor activities where the child can expect to get muddy and wet, so appropriate clothing is required. When wading in the stream campers will be required to keep their shoes on. Old tennis shoes, water shoes, or strap on sandals work well. A change of clothes and shoes is strongly recommended for comfort, but not necessary. Food will not be provided as a part of the camp day; all campers should bring a lunch and snack that does not require refrigeration and a bottle for water that can be refilled, each day. A backpack is suggested but not necessary.

Parklands summer camp is based mostly outdoors and your child should expect to get muddy and/or wet. During camp, we spend time at Floyds Fork wading in the stream but only with SHOES ON. Please come prepared to camp each day with a change of clothes and shoes for comfort.

How should I prepare prior to arriving at camp each day?

If your child feels sick, please keep them home and inform Parklands Director of Education Curtis Carman by emailing ccarman@21cparks.org or by calling, 502-592-7618. Please make sure your child arrives at camp each day with clean clothes, a change of clothes and shoes, a refillable water bottle, sack lunch, snack, and a clean facemask. Parklands staff will have some facemasks on hand to provide during indoor activities but **a personal face covering is strongly recommended for safety**. Please apply sunscreen and bug spray to your camper prior to arriving at camp. Parklands staff will remind students to reapply throughout the day but will not put sunscreen or bug spray on children unless they are unable to do so themselves.

DAILY DROP OFF & PICK UP

What do I need to do on my child's first day of camp?

On your child's first day of camp , (Monday) you'll need to bring your child to the side door of the PNC Achievement Center located in Beckley Creek Park to check in and turn in **all required paperwork for camp (Health History Form, Permission Form, COVID-19 Form, & Emergency Action Form – if necessary)**. Please make every effort to have paper work filled out prior to camp. If that is not an option, we will have copies available during drop-off. At this point, Parklands staff will provide a camp t-shirt and nametag as well as perform a camper health screening including a forehead temperature check. Any child experiencing COVID symptoms including fever of greater than 100.4 F, sore throat, new or worsening cough, or trouble breathing will be sent home and a refund will be issued.

How do I drop off / pick up the rest of the week?

Each day, Parents/Guardians will pull up to the side door of the PNC Achievement Center to drop their camper off. Parklands staff will meet your camper at the car to check them in and will perform a camper health screening including a forehead temperature check. Any child experiencing COVID symptoms including fever of greater than 100.4 F, sore throat, new or worsening cough, or trouble breathing will be sent home. Parents will be required to remain in their vehicles during drop off.

During pick up, parents/guardians should pull up to the side door of the PNC Achievement Center. Parklands staff will meet you at your car to check identification. **Parklands staff will only release campers to those whose names appear on the camper's Health History Form and all those picking up MUST show ID each day.** In order to protect our campers and staff, please consider the use of a face mask during drop-off and pick-up.

How soon can I drop off my child? Is it OK to pick up early or drop off late?

Drop off begins no earlier than 8:30 a.m. and will continue until 9:00 a.m. when camp begins. Parents/Guardians may opt to drop off late or pick up early, but please be advised that campers may be participating in camp activities in the park and time should be allotted for travel back to the PNC Achievement Center. **Official pick up hours are from 4:00-4:30pm.** This is a change from our usual pick up time of 4:00-5:00pm. This change was made to give Parklands staff an extra 30 minutes each night to clean and disinfect our facilities and supplies. There is no late care service; all campers must be picked up no later than 4:30pm. Parents/Guardians will be subject to an automatic credit card charge of \$1 per minute for each minute after 4:30pm.

WHAT TO EXPECT AT CAMP

What can my child expect when arriving at camp?

Drop-Off for Parklands Outdoor Adventure Camp begins at 8:30am with camp activities beginning at 9:00am. Please make every effort to arrive at camp by 9:00am so that your child can meet up with their group. If arriving late, please alert Director of Education Curtis Carman by calling 502-592-7618.

Parklands staff will check in your child outside of the side door to the PNC Center each day. Parents and campers must remain in their vehicle until a Parklands staff member comes to check them in. Parklands staff will administer a forehead temperature scan and health assessment each day prior to your camper entering the PNC Achievement Center. Once your child clears the health assessment, Parklands staff will walk them inside the building. If your child records a fever of 100.4° or higher or if you answer “yes” to any of the health screening questions, your child will not be permitted at camp that day and a daily refund will be provided. If a camper is not permitted to enter camp based on health screening criteria, that camper will not be allowed back at camp until a negative COVID-19 test can be produced. Refunds will be provided for missed camp days due to COVID symptoms.

Campers will be asked to wear face coverings when inside the PNC Center or when expected to be in close contact with other campers or staff so please come prepared with a mask each morning. Campers will be asked to maintain 6 feet of distance between other campers, visitors, and staff members both indoors and out. Parklands staff will enforce this rule and reserve the right to send a camper home for failing to follow safety directions. Campers will wash hands for at least 20 seconds upon entering the building. For more information on COVID-19 safety procedures please see the COVID-19 Safety Guidelines document.

What can my child expect during camp?

This summer we are going to make every effort to be outdoors as much as is safely possible. This will include hiking, wading, games, crafts, and experiments, among many other things. However, during very hot or hazardous weather days we will remain inside our education center.

Campers will be asked to wash hands for at least 20 seconds regularly and always after sneezing, coughing, using the restroom, or sharing any supplies or equipment. Campers will be asked to wear face covering when inside PNC Center or when expected to be in close contact with other campers or staff. Campers will be asked to maintain 6 feet of distance between other campers, visitors, and staff members. Parklands staff will enforce this rule and reserve the right to send a camper home for failing to follow direction. Parklands staff will monitor and enforce proper social distancing among campers and staff, and will report to supervisor and parents if necessary. Parklands staff will monitor student health and behavior and report issues to camp supervisor and parents.

What can my child expect when departing camp for the day?

Camp activities end each day between 3:30-4:00pm and parents will be expected to pick their camper up no later than 4:30pm. Due to extra state mandated cleaning procedures, we have moved our late pick up time up by half an hour over previous years.

Pick up will be at the side door to the PNC Center (same as drop-off). Parents will be required to stay in their vehicle during pick up. Upon arrival, Parklands staff will check parent/guardian identification and then walk your camper to your vehicle. Please have your camper wash hands for at least 20 seconds when

arriving at home. Showering/bathing as well as washing clothes and other items is recommended after arriving at home each day.

WHEN CAMP BEGINS:

How will my child spend his or her day?

All campers will participate in a balanced day of indoor and outdoor activities each week-with special emphasis placed on outdoor time during 2021. Indoor and outdoor time will vary daily based on the topic or activity for the day. All campers will have ½ hour each for both lunch and recess.

What does my child need to wear?

Every camper will receive a camp T-shirt on his or her first day that should be worn each day of camp if possible. All campers should wear appropriate footwear for summer outdoor exploration. Most, if not all, camps participate in creek activities so please have your child prepared with shoes that they can get wet. Good examples of creek shoes are KEEN water shoes, old tennis shoes, or closed toe water shoes. *A change of clothes and shoes/socks is strongly recommended for comfort.*

What should I do for lunch/snack each day?

Campers will eat lunch in the park each day, so please pack a lunch and snack for your child. Remember, some campers may be suffering from food allergies so please be considerate when packing your child's lunch. Please note: Lunches may be outdoors so do not pack food that requires refrigeration.

THE EDUCATION & INTERPRETATION TEAM & CLASS SIZES

Who is The Education & Interpretation Team? Who will be my child's counselors?

The Education & Interpretation team at The Parklands is responsible for the day-to-day operation of camp. They are full-time staff with The Parklands and are on site and available each day. The Parklands camps are taught by The Parklands Interpretive Rangers, Education Specialist, and Director of Education; all are college graduates with educational backgrounds in ecology, are CPR & First Aid Certified, and have completed extensive criminal background checks. All staff love the outdoors and are looking forward to working with the campers this summer. Our standard ratio of counselors to children is 1:9. This year we hope to have two counselors per group but we know that at times, one staff member may need to hang back to clean and/or disinfect supplies or facilities.

How large are your classes, what are your ratios?

All camps are limited to 10 campers based on the governors recommendations surrounding group size. When a class reaches capacity, we will start a waiting list. Our ratios are 1:10; each class has at two adults per group at almost all times, depending on activity and cleaning schedule.

Can I stay with my child during camp?

For the safety of Parklands staff and campers, parents will not be allowed to stay with their child at camp. We know campers may be uneasy if this is their first camp experience so to help with this, Parents/Guardians are welcome to stay with their campers during our drop off period (8:30 a.m. – 9:00

a.m.) as long as they stay separate from the rest of the camp group-outside. At the start of our day, we ask that Parents/Guardians leave their campers in the care of The Education & Interpretation Team. Please keep in mind that all Education & Interpretation Team members have experience and an interest in working with children and will strive to make camp the best experience possible for your child. The Education & Interpretation team will call you if a concern should arise with your child.

CAMP POLICIES

What are your COVID-19 safety policies?

See COVID-19 Safety Policy Document

No Violence Policy

The Parklands of Floyds Fork has a No Violence policy in place to keep summer campers and other park visitors safe and having fun. Failure to comply with this policy may result in your child being asked to leave camp with no refund provided. Parents will be notified if this policy is violated.

What is your cancellation/refund policy?

Due to current COVID-19 restrictions, state recommended closures of childcare centers and cancellations of children's activities can happen abruptly and with little to no warning. During such state issued closures of childcare facilities, all participants will receive a full refund.

If requesting a refund NOT based on state and health department guidance, refunds will be issued in full if requested at least 7 days prior to the start of your camp week(s). If a refund is requested under 7 days prior to the start of your camp week(s), partial refunds will be considered. "No Shows" will not be issued a refund.

21st Century Parks reserves the right to cancel camp sessions without prior notice based on safety concerns at which point a full refund will be issued.

If your child is sent home due to COVID-19 related symptoms a refund will be issues for all days your child cannot attend.

What is your inherent risk clause? Why do you need it?

Because we offer camps in an outdoor setting (and nature can be unpredictable), it is important that we communicate with our camper's Parents/Guardians about any potential risk that may occur when we are participating in activities that are outside. Our number one priority at camp is safety and all decisions and activities are conducted with this in mind. Inherent risk clauses are common in outdoor education programs; our inherent risk clause is below:

I understand that the child named above must follow all rules and regulations stated by 21st Century Parks, Inc., including all policies and procedures laid out in response to the COVID-19 pandemic.

Inherent risk is associated with all outdoor activities including but not limited to hiking, biking, wading, and fishing. All of these activities can be adversely effected by trail conditions and

weather. I further agree to release and hold harmless 21st Century Parks, Inc., from any and all claims of bodily injury, sickness, disease or death, (including loss or damage to tangible property) to my child that might occur during this program. Outdoor and adventure activities involve inherent risks that are sometimes impossible to know or predict, including but not limited to: narrow trails; rough, exposed, steep or slippery terrain; lightning, cold weather, wild animals, plants and insects; fires and other acts of nature.

We constantly strive to provide programs that respect emotional, social, intellectual and physical safety. Participants and/or guardians acknowledge their understanding of and agreement to participate in potentially unsafe programs by signing appropriate Health and Safety forms.

What if my child has special needs, or requires daily medication?

21st Century Parks, Inc. staff & volunteers are unable to administer medication to any child. If your child requires an epinephrine pen, inhaler, or any other emergency medication you may fill out an Emergency Action Form so that we may administer it in a crisis situation. If your child takes daily medication please administer prior to coming to camp.

Please note that one-on-one care cannot be provided. You may opt to provide your child with an outside caregiver during camp (at no cost) if you wish to have your child participate in camp.

What if my camper will be absent?

Please notify us by calling the Education office at 502-815-0274 or the Director of Education directly at 502-592-7618. Our Education & Interpretation team will check messages daily and will notify your counselor in case of an absence. Refunds will not be issued for absent days not related to COVID-19.

What is your policy in case of severe weather?

During times of severe weather, camp will be held indoors in the PNC Center. In case of weather severe enough to cancel camp activities, The Parklands Education & Interpretation team will communicate with all parents by phone and email in addition to providing closing information on our website. If severe weather is present camp activities will be held indoors.
