About StoryWalk®

StoryWalk® is an innovative and delightful way for children and adults to enjoy reading and the outdoors at the same time. Laminated pages from a children's book are attached to temporary signs, which are installed along an outdoor path. As you stroll down the trail, you're directed to the next page in the story. On the back of the signs, you will find more info and activity prompts. StoryWalks® have been installed in 50 states and 13 countries. The StoryWalk® Project was created by Anne Ferguson of Montpelier, VT and developed in collaboration with the Kellogg-Hubbard Library.

StoryWalk® is a registered service mark owned by Ms. Ferguson.
